

SOUMI SAMANTA

Burdwan, West Bengal, India • +91 9883057054 • samantasoumi10@gmail.com

PROFILE SUMMARY

- Passionate **Frontend Developer** with strong skills in **HTML, CSS, JavaScript, React**.
- Built responsive web applications with dynamic UIs and smooth navigation using **React.js**.
- Familiar with the **MERN stack**, having developed a document-based analysis project.
- Developed projects with seamless integration of real-time data, user-friendly design, and interactive interfaces.
- Strong in **problem-solving, adaptability, quick learning**, and enjoy exploring new tools and technologies.
- **Ready to join immediately** and contribute to building clean, efficient code while enhancing frontend performance.

SKILLS

- **Languages:** JavaScript, Python
- **Web Technologies:** HTML5, CSS3
- **Databases:** MongoDB
- **Soft Skills:** Problem-Solving, Explorer, Adaptability, Time Management, Creativity
- **UI Libraries:** Bootstrap, Tailwind CSS
- **Version Control:** Git
- **APIs:** REST API
- **Frameworks:** Node.js, Express.js, Flask, React.js, Redux, Angular.js
- **Tools:** Visual Studio Code, Replit, Sublime Text, Github, Appwrite

PROJECTS

Hackathon Website

- Developed a React-based UI for managing and displaying detailed hackathon information, including prizes, organizers, and submission requirements.
- Integrated React Router for seamless navigation, enabling users to view, edit, or delete hackathon events from a dynamic interface.
- Planned future enhancements to add backend integration and database support for advanced CRUD operations and full hackathon management.
